WHAT MAKES MARINE ACADEMY SIXTH FORM TRULY UNIQUE?

Real Work. Real Pay. Real Experience.

We're one of the only sixth forms in the region to offer genuine, paid work opportunities alongside study - giving students the chance to earn money, build skills, and develop a professional profile before they've even left college.

Outstanding Results. Exceptional Destinations.

Our students achieve some of the strongest results in the city, progressing to top universities, degree apprenticeships, and competitive careers. Ambition isn't just encouraged here - it's expected.

Personal Support That Actually Knows You.

Every student is known personally by our sixth form team. You'll receive expert teaching, career mentoring, and pastoral care that treats you as an individual, not a number.

Tailored Futures Programme.

From Oxbridge preparation to vocational pathways, EPQs to leadership awards - our Futures Programme is designed to grow with you, building confidence, direction, and purpose.

Enrichment That Opens Doors.

Leadership roles, volunteering, electives, and enrichment days connect you to the wider world - developing the confidence, skills, and experiences that universities and employers look for.

EVERY CHILD HAS GREATNESS WITHIN THEM. MAP HELPS UNLOCK IT. VISIT US. MEET THE TEAM. FEEL THE DIFFERENCE.
